WORLD NEWS IN REVIEW

Threatened Invasion

Threatened invasion of Albania by Italian troops plunged Europe this week into a still greater frenzy of apprehension and uncertainty. In the turmoil that has existed since Chamberlain's about-face in foreign policy, Great Britain has been attempting with indifferent success to form a united world front against further aggression by dictator nations.

Only practical purpose of an Italian invasion of Albania, long an Italian protectorate in effect, would be intimidation of Greece and Jugoslavia, according to trained observers.

Canada Would Fight

Prime Minister William Lyon Mackenzie King last week rose in the Ottawa House of Commons to read a speech on foreign policy. Although in the past he has been a staunch isolationist, King made the strongest war statement any Canadian prime minister had made since the World War.

"If there were a prospect of an aggressor launching an attack on Britain, with bombers raining death on London, I have no doubt what the decision of the Canadian people and Parliament would be. We would regard it as an act of aggression, menacing freedom in all parts of the British Commonwealth," he read. In short, if Britain is attacked, Canada would fight.

Unemployment Insurance

Suspension of unemployment insurance benefits in California, affecting nearly 150,000 workers, may become necessary after April 30, according to the State Unemployment Reserve commission. The crisis has been brought about by failure of Federal authorities to provide necessary administrative costs, despite the paradoxical situation of state employers having contributed more than enough money to pay these costs. With recent slashes in WPA rolls, the gravity of California's present unemployment problem can hardly be overestimated.

Daly City Police To Issue Citations

The Daly City Police department has been authorized by the State department of motor vehicles to issue citations to motorists who have not secured their 1939 license plates.

The State highway patrol has been active the past week in Daly City and along El Camino Real in issuing citations for such violations.

Collector To Be At Daly City April 14

For the convenience of the taxpayers in Daly City, Collector A. McSweeney will be at the Bank of America, Daly City, Friday, April 14, from 10 a. m. to 3 p. m. for collection of the second installment of taxes.

Signed,
A. McSWEENEY.

County Gets Liquor License Fees for 1938

Cities and unincorporated areas in San Mateo county will receive a total of $24,762.19 as their share of fees derived from liquor licenses issued during the last half of 1938, it was announced here recently by George R. Reilly, first district member of the State Board of Equalization.

From the standpoint of the state as a whole, the allocation will amount to $1,222,192.86. This represents 50 per cent of the total fees earned during the last six-month period of 1938. The State's share of this income, after administration costs are deducted, goes into the general fund.

On the basis of actual licenses issued, the unincorporated area of San Mateo county will receive a total of $10,510.50, and Daly City will receive $1,250.

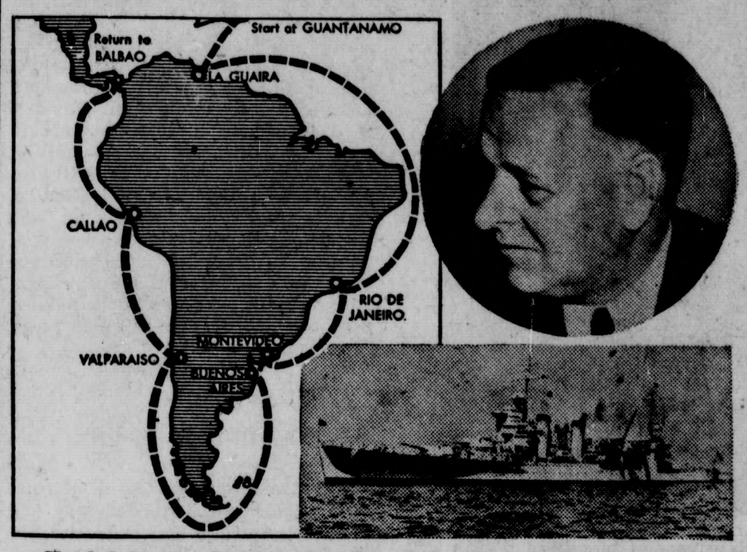
Twice a Year

The allocations and distribution of these funds are made twice a year, it was explained by board members. Ordinarily the first-half total is considerably larger than that of the last half inasmuch as a majority of the liquor licenses are renewable during the initial six-month period of each year.

The current allocation is substantially higher than that of the same period of the previous year, the amount which the cities and counties will receive totaling more than $230,000 over their receipts for the last half of 1937.

In making the announcement, board members again pointed out that this money is collected entirely by the state and represents income derived exclusively from alcoholic beverage license fees.

Cruisers on Good Will Tour



Headed by the flagship San Francisco (inset) under Rear Admiral H. E. Kimmel, three United States heavy cruisers will leave Guantanamo, Cuba, tomorrow (Saturday) on a good will tour to leading South American ports. Accompanying the San Francisco will be the Cruisers Quincy and Tuscaloosa. The boats will return to Bilbao, Canal Zone, on June 4.

Elect Chairman Of County Health Board at Meeting

In a special reorganization meeting in San Mateo last week, the San Mateo county board of health and welfare elected Dr. A. E. O'Neill, Redwood City dentist, chairman.

Dr. O'Neill succeeds to the office of Louis Goekern of Daly City, whose term expired January 21.

Plans were announced for Dr. O'Neill to appoint committees of board members to report on the Community hospital, relief home, and social welfare in the county. Probably two men will be appointed to each committee, according to Dr. O'Neill.

The board as a whole will act as a comittee to work on the budget of the health department. All committees are responsible to the board.

Next meeting of the board will be held on Tuesday, April 11.

Launch San Mateo Health Survey

The federal survey of San Mateo county's public health setup was launched this week by Dr. Francis A. Carmelia of San Francisco, regional supervisor of the United States public health service.

Three phases of the survey will begin immediately—tuberculosis control and hospitalization, general administrative public health practice, and social disease control work through the clinical system, Dr. Carmelia said. Dr. Fred W. Kratz will take the first; Drs. John Dunn and Fred Foard the second, and Dr. Theodore Bauer, the third.

A sanitary engineer of USPHS will arrive about April 12 to undertake the survey of sanitation. M. M. Miller, milk inspection specialist, will come April 15. Miss Anna Heisler, public health nurse, will join the survey May 1.

Dr. Carmelia said the survey might be completed late in May.

Daly City Record To Publish Shopper Soon

Daly City Record this week is completing surveys preparatory to inaugurating a full coverage shopping newspaper to start publication about May 1.

The shopper will be delivered free to every home in Daly City, Colma, and to several blocks extending from northern Daly City into San Francisco. More than 4000 copies will be circulated weekly.

The paper will be tabloid size, five columns by sixteen inches deep. Attractive rates will be offered local advertisers, and special reader features will be included in the publication.

Introduction of the shopper is in line with the Daly City Record's policy of giving this community complete progressive newspaper service.

Cut Fifty-Three Off WPA Rolls in County

Fifty-three persons were taken from the WPA rolls in San Mateo county this week because of a shortage of relief funds, George Mead of San Jose, district WPA administrator, announced. Mead said there were 650 dismissed from the WPA in San Mateo, Santa Clara, Santa Cruz, Monterey, and San Luis Obispo counties.

R. Benedetti Halts Dangerous Drunk Speeder

Speeding 88 miles per hour, driving on the wrong side of the road, and operating a motor vehicle while drunk were charges placed against R. H. Schwartz here Saturday.

Schwartz was speeding north along Junipero Serra boulevard when Officer Rico Benedetti took up the chase. After a daring ride he succeeded in stopping Schwartz. The offender had narrowly missed wrecking another automobile.

Schwartz is reported to be an army officer and is slated to appear before Judge Wade H. Clay on April 14.

S. M. County Grants Aid to 274 Children

San Mateo county granted aid to 274 dependent children during January, 1939, the total amount of grants to these children being $5,350 during the month, according to a study of aid to needy children in California, recently completed by California Taxpayers' association.

Of the 274 dependent children, 10 in boarding homes and institutions received an average per child of $20 for the month, while 264 children in household groups with relatives received an average per child of $19.51 the association found.

The cost of aid to dependent children in California for the current year will approximate $7,105,605, with 36,204 children receiving aid in January, 1939, the association found. Of this total, the federal government will contribute $1,402,297, the state $3,467,171, and the counties $2,236,137. Total expenditures in 1929-30, the association stated, were $1,575,873, with 13,132 children receiving aid in July, 1930.

Plan Services At Emerald Lake

Thousands of Peninsulans will gather again this year for Easter Sunrise services at Emerald Lake Bowl, west of Redwood City, next Sunday at 5:45 a. m. when one of the most elaborate programs ever prepared for the annual rites will be presented.

At the base of the giant cross, which has glowed nightly throughout the week, the Redwood City Municipal band will sound the call to worship as the first rays of the sun shine across the bay. Directed by Dr. R. Lee Otis, the band will present several numbers and accompany the singing of the hymns.

The recently-formed but already famed Bel Canto Chorus of Redwood City, directed by Eugene Fulton of San Francisco, will sing.

The brief inspirational sermon will be preached by the Reverend Sidney H. Buckham, pastor of the First Congregational Church of San Mateo. Other Peninsula clergymen will aid in the rites, which are Peninsula-wide in scope and yearly draw thousands to the picturesque natural amphitheater in the hills.

The site is easily reached by turning west off El Camino Real in Redwood City on Jefferson avenue, where the electric "Emerald Lake" sign arches across the highway. Those planning to attend should plan to reach Redwood City proper by 5:30 a. m. at the latest because it takes a few minutes to drive the two miles to the bowl, park, and walk up the short incline to the site.

County Press Hears Address Of CNPA Head

The free press of America is the "only major agency which stands squarely between our present form of democratic government and a dictatorship."

The first duty of American newspaper publishers today is to preserve this freedom by selling their newspapers as an independent medium of general information.

Heads State Body

This was the message of William S. Kellogg, youthful publisher of the Glendale News-Press and newly-elected president of the California Newspaper Publishers association, to members of the San Mateo County Press association Monday night at a dinner meeting at Benjamin Franklin hotel.

The meeting drew publishers from several parts of the bay region for the first visit by the president of the local group.

Resell People

Newspapers, he said, must stress their social and economic values in line with the proposal of industry, through a public relations program, to resell the American people on their own form of government and the American plan of industry which has given the U. S. citizen "advantages enjoyed by no other people on earth."

Kellogg quoted the message of Dr. William B. Munro, outstanding governmental authority, to publishers at Riverside, in which the latter said, "Freedom of the press is the greatest of all barriers to dictatorship, and every aspiring dictator knows it. Free government in the sense that we now understand it, was born with the art of printing. It is the newspaper press that has made modern democracy possible.

Difference in People

"The difference between a democracy and a dictatorship is not a matter of constitutions, parliaments, elections and a liberal suffrage: Russia, Germany, Italy and Japan have all these things. The difference lies in the right of the people to voice and print their own unfettered opinions."

Kellogg said that freedom was guaranteed the press "not for its own advantage but for the benefit of the whole community. It is the first line of defense, which free government has established for its own security."

Only bulwarks for this freedom, the visiting president declared, are the bill of rights and the United States supreme court. Tamper with these, and freedom may vanish, as shown in Louisiana under Huey Long where, in local state matters, the bill of rights did not run and the court alone had to be counted on in the last resort.

Freedom Retained

Kellogg reviewed the recent attacks on the press and criticism of publishers by those in public life. Quoting the words of William Green, American Federation of Labor president, Kellogg said in conclusion that "whether or not freedom of the press is being or has been threatened in this country, is a matter of public opinion. It is a matter of fact that, due to the vigilance of the publishers, we still retain that freedom, and if the people are made conscious of the importance of its true value to them, we always will."

Kellogg delved into the problems of the press and steps that must be taken. His talk was preceded by a short business session of the county group.

Mr. and Mrs. Albert H. Boynton represented the Daly City Record at the publishers meeting.

Thornton Beach To Be Opened Soon

San Mateo county's newest public beach, at Thornton Beach, located due west of Daly City, will be opened to public use in two weeks, Secretary Ronald Campbell of the county recreation commission announced this week.

Two other major park projects now being completed with WPA funds and county labor, will be ready in June. One is the new James L. Flood park near Menlo Park. The caretaker's cottage of adobe is half completed, picnic tables are being installed, and fireplaces will be built next week.

The other is the new group picnic area at County Memorial park, which will be capable of handling 500 persons or more. Reports on the progress of these and other projects were rendered at Tuesday's monthly meeting of the recreation commission.

In Chicago Race

Climaxing one of the strangest mayoralty campaigns in Chicago's history, Edward J. Kelly, standard bearer of Chicago's strong Democratic party machine, was re-elected Wednesday by a decisive margin. He defeated his youthful Republican opponent, Dwight H. Green, by approximately 180,000 votes.

Schedule Easter Egg Hunt for Sunday Morning

With more than sixty dozen colored eggs waiting to be found by eager seekers, and free ice-cream for the kiddies, Daly City's annual Easter egg hunt, Sunday, April 9, promises to be a big affair.

Scheduled for 10 a. m. at the Jefferson Union high school grounds, the hunt is sponsored by the Recreation department of the W.P.A. Both children and adults are invited to participate.

Preparations have been made to take care of from six to eight hundred children. Every male recreation leader in Daly City has been detailed for duty in and around the grounds.

First half hour of the hunt will be devoted exclusively to tots of six or under, who will find the eggs most open to view. At 10:30 a. m. the gates will be thrown open to older children and adults, who will scour the grass and shrubbery for eggs more carefully concealed.

Climaxing the excitement and fun of this annual Easter festival will be ice-cream cups, which will be distributed free to every youngster on the grounds. The ice-cream cups are being furnished by Borden's Dairy Delivery, Spreckle's Ice Cream company, Golden State company, and Witt's Dairy.

Yamasita Gives SF Four Cormorants

Kanzi Yamasita, master Cormorant-fisher of Gihu, Japan, who delighted thousands at the Japanese pavilion on Treasure Island with his skill, has gone back to his native Japan.

But he presented to the City of San Francisco before he sailed on the liner Asama Maru four of his treasured Cormorants in appreciation of the manner in which visitors to the Golden Gate International Exposition attended and enthusiastically received his fishing exhibitions.

The Cormorants, highly trained and adjudged the finest of their type, have been given to Fleishhacker Zoo. They will be seen daily in the water, but as there are none in this country who understand the handling of these rare and highly skilled birds in their fishing pursuits, visitors who missed their activities at the Fair will have to await the return of Yamasita.

Cormorant fishing as practiced in Japan today takes place on dark nights between May and October and on certain rivers noted for their scenic beauty. Tourists from all parts of the world are interested spectators. Due to the limited water space, Master Cormorant Fisher Yamasita was only able to give a curtailed exhibition of his prowess while at Treasure Island.

However, with his authentic craft, manned by two assistants, and the burning fire in a large iron brazier at the bow of the boat to enable the Cormorants to see the fish clearly, the night spectacle at the Japan pavilion was one of the chief attractions of the Fair for the thousands who thronged nightly to watch.

This strange mode of fishing has been practiced in Japan from time immemorial. It is even mentioned in a poem in an anthology compiled in 712 A. D.

Distribute Directories To Residents

They're off the press!

More than 3000 have been personally delivered to every home in Daly City!

Every new family that moves into Daly City during 1939 will be given one!

They're being distributed on Treasure Island to tell the world about Daly City!

Of course, we're talking about the 1939 commercial and civic directory published by the Daly City Record. The 48-page publication, bound in an attractive cover design featuring the Tower of the Sun, was made possible by the cooperation of the city and progressive local business men who purchased advertising space.

One hundred seventy-eight local business men and firms are represented in the directory. The Record accepted no outside advertising in competition to local business.

Many Features

Featured in the directory is a complete outline description of all city departments, boards, and buildings; vital statistics and interesting facts about the community, parks and playgrounds, residential advantages, schools and churches, business enterprises, and history. Also included is a map of the city, an air view, complete organizational directory, and classified business directory.

Distribution

In addition to thoroughly covering this locality, the directories are being placed with chambers of commerce in the bay area and with real estate agencies. They are being distributed on Treasure Island at the Mission Trails building. Through cooperation of the Mission Trails association and SFPI, H. M. Horrworth, secretary-manager Mission Trails Exposition Commission, granted permission to place the directories in the trails building.

Anyone who may have missed receiving a directory or who may desire additional copies may secure them free from the Daly City Record.

Favorable Comment

Daly City Commercial and Civic Directory was received locally and by outside advertising and promotion interests with genuine enthusiasm. A number of congratulatory letters have been received. Several points of constructive criticism have been made which the editors appreciate. Advertisers are well pleased with the job—one even declared it was the best local media he had ever used.

Because of the outstanding success of the directory, The Record will publish one at the beginning of each year.

New SFPI Folder Cites Advantages To Industrialist

The first complete presentation of The Peninsula's industrial resources ever published appeared last week in the form of an attractive new two-color folder, "Opportunities to Share," first of a series being published by San Francisco Peninsula, Inc.

Ten thousand copies were ordered by the development organization for distribution to inquirers answering its advertisements and at the Mission Trails building on Treasure Island. Copies are available at all Peninsula Chambers of Commerce.

Center Spread

The center spread of the folder is devoted to a topographical map adapted from a photograph of a portion of the famous California relief map in the Ferry Building, which locates The Peninsula's two major industrial centers—South San Francisco and Port Redwood City—and includes inserts picturing San Mateo bridge and Dumbarton bridge.

Besides giving detailed information on "South City" and Redwood City's famous deep-water harbor, the folder describes and pictures The Peninsula's "million-acre mountain-beach Playland," and names the other communities which have areas zoned for business and light manufacturing. Coastside agriculture and industry receive prominent mention.

Listed in the back of the folder are more than 50 important industrial firms already established on The Peninsula, creating a $6,000,000 annual payroll. Objective of the folder is described by S.F.P.I. officials as, "To attract desirable new industries to our segregated industrial districts and to present the attractions and opportunities of the entire Peninsula to capitalists and potential investors."

Let Contracts For New City Hall Furnishing, Fixtures

Four contracts providing for fixtures and furnishings for the new city hall were recently awarded. Work is being sped to completion throughout the entire building, and it will be ready for occupation on schedule.

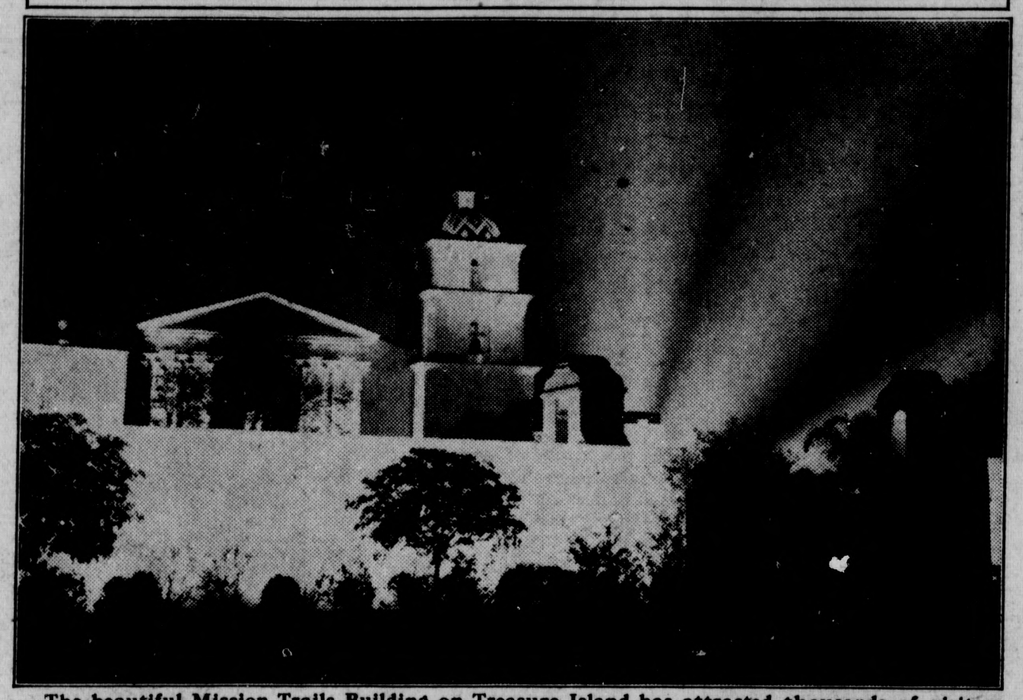
Alfred J. Casella, 1507 Sutter street, San Francisco, was awarded the contract for lighting fixtures. Rucker-Fuller company, 539 Market street, San Francisco, will deliver office furniture for the new city hall. Seating for the council chambers will be installed by F. A. Mills company, 121 Golden Gate avenue, San Francisco. Contract has also been let for venetian shades and blinds.

Letting of these contracts and the movement of workmen on the job from superstructure to interior partition work signifies the near completion of the $50,000 building. Paving of parking area and landscaping work are to be started soon.

Dedication ceremonies, sponsored by the Native Sons and Native Daughters of the Golden West, will be held sometime in May. It is expected that by June 1 or before city offices now located in rented quarters will be moved into the new city hall.

Quarters for the city clerk, water superintendent and staff, city engineer, and police will be located on the first floor. Council chambers, justice court and mayor's office will be upstairs. The jail will be located at the rear on the lower floor. Public lobby, vaults, storage spaces, rest rooms and other facilities are provided for in the building.

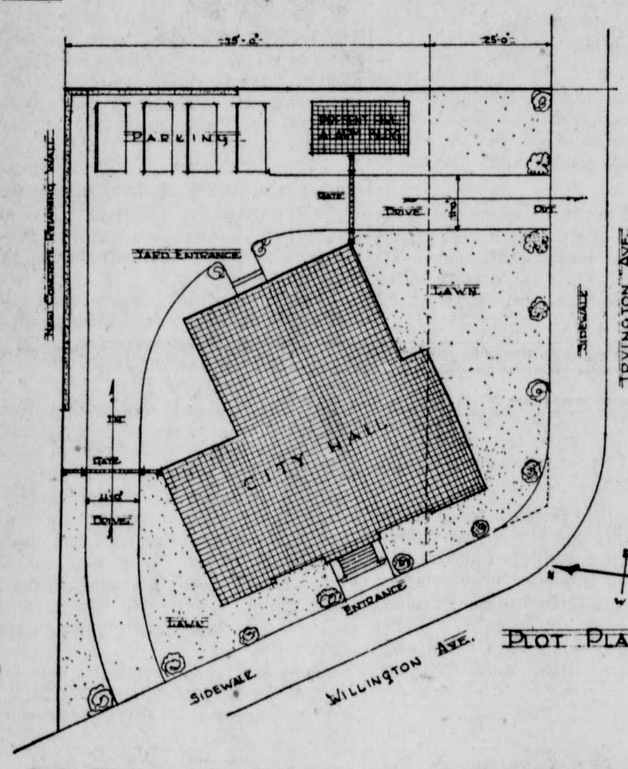
Mission Trails By Night



The beautiful Mission Trails Building on Treasure Island has attracted thousands of visitors by the sheer beauty of both its interior and exterior. Its interior, with a mass of blooming plants and its exquisite imported Spanish Fountain has made it the "Gretna Green" of Exposition marriages. Here is an artistic view of the exterior showing how the beautiful Mission replica looks by night. Howard M. Horrworth is manager of the Mission Trails Group which includes San Mateo, Santa Clara, San Benito, Santa Cruz, Monterey, San Luis Obispo and Santa Barbara Counties.—Photo by Ted Huggins.

Captain F. W. Winters and Mrs. Winters, 619 San Diego avenue, celebrated their twenty-seventh wedding anniversary Wednesday evening of this week. A large number of friends and relatives were present to extend their congratulations upon the happy occasion.

Complete Plot Plan For Daly City's New City Hall



Daly City's new city hall, now more than three-quarters completed, is located at the corner of Wellington avenue and Irvington street. Two stories high, and constructed of reinforced steel in modernistic design, the building will amply serve the needs of this growing community.

Offer Series Of Free Classes in French Study

Opening of a new series of free courses in the French language was announced this week by La Nouveau Club Francais, a society for the propagation of French in foreign countries.

Meeting in the Assembly hall of the Shreve building, 210 Post street at the corner of Grant avenue, San Francisco, the classes will be open to beginning, intermediate and advanced students. No fee or registration of any kind is necessary, according to the announcement.

Schedules for the day classes are Tuesdays at 2 p. m. and Wednesdays at 10:45 a. m. Evening classes will be held Wednesdays at 5:15 and 8:15 p. m.

Ship 149 Attend Council Sea Scout Dance

Friday night, March 31, the Sea Scouts of Ship 149 were invited to the Bridge of Honor and the Sea Scout Dance held by the San Mateo County council.

The Bridge of Honor started at 7:30 p. m. A land ship was set up in the hall in Burlingame and regular ceremonies were conducted. Awards were presented to the various Ships of San Mateo county who had placed in regattas and other competitions.

The dance began at 9 p. m. and lasted until 12 o'clock. Excellent refreshments were served between dances.

Day period with a program extending from April 28 to May 1, featuring a free barbecue on April 30.

Jeff Maps Program

"King" Jeff Davis, emperor of 1,500,000 "subjects" organized in the League of Hoboes of the World, has plenty of smokes for a change as he prepares to open the thirty-first annual convention of the Hoboes of America, Inc., at Cleveland, tomorrow (Saturday). Besides a general "new deal" program, Jeff's program for 1939 includes shower baths in railroad boxcars and a one-cent fare for hoboes. Jeff defines a hobo as one who will work. But a tramp, he says, won't work, while a bum can't.

Decadeers Elect Officers at Meeting

The Decadeers, Daly City's youngest social organization, recently elected officers at its regular weekly meeting.

Arnold J. Ponella was named president, Jack W. Adams, vice-president; Jack D. Smith, secretary-treasurer and Ignatius J. Sompino, art director. The original members of the club in addition to the officers are: Michael Costes jr., Alfred Doyle jr., Edward Doyle, David Grenier George E. Lewis, Stanley Simpson.

The club is offering a money prize, the event to be held April 22.

Plan Mass Meeting To Honor Governor Olson

Sponsored by the nine assembly district branches comprising the San Francisco Federation of Regular Democratic clubs, a general mass meeting in support of Governor Culbert Olson and his administration will take place Friday evening, April 21, at Scottish Rite auditorium.

Governor Olson himself will be the principal speaker at the meeting which will also be addressed by the governor's principal supporters, including George G. Kidwell, Senator Jack Shelley and Sheridan Downey jr. A contingent of Hollywood movie stars among whom will be Melvyn Dougles and Lionel Stander will also be on the program. Phil Garvey, vice-president of the federation, will act as chairman. Committees, appointed from among representatives of the nine district branches by Fitzgerald Ames, president of the federation, are working out detailed plans of the meeting.

Local Sea Scouts Attend Annual Regatta

The Annual Sea Scout Cruise took place Saturday, Sunday, and Monday, April 1, 2, 3 with the Sea Scouts of Ship 149 taking part this year. The Regatta was held in Petaluma.

Leaving at 9 a. m. Saturday morning the group reached Petaluma about 9 p. m. that night. Camp was then set up and the evening meal cooked; after which everyone turned in for the night.

Sunday morning the Sea Scouts cleaned up camp and attended church. That afternoon there were many competitions: the sailing race, rowing race, caulking contest, throwing the ring buoy, and others. Ship 149 took first place out of over 24 Ships in throwing the lead line, which is an accuracy contest. They won a wooden plaque in the shape of a life ring.

Early Monday things were packed and camp broken up. No. 149 left Petaluma about 9 a. m. and arrived home, in Yacht Harbor, about 6 p. m.

Rockwell Kent To Speak at Meeting

Rockwell Kent, distinguished artist and author who will speak Monday evening, April 17 at the Scottish Rite auditorium, is regarded as the "stormy petrel of American art and letters." Kent belongs to no school, subscribes to no theories and follows no masters. His fellow-artists and the critics are unable to predict what Kent is going to produce next; they only know that, whatever it is, it will be of vital importance.

The significant fact about Rockwell Kent is that he refuses to repaint the subjects that won him instant fame. He will not duplicate his successful pictures. He will not identify himself with any one picture. Once he has mastered a subject, he turns away from it. "I couldn't become a cow and pool painter," said Kent. "I have known artists who learned to paint a cow and a pool, and who continued to paint a cow and a pool. They became the best cow and pool painters in the world, and they remained cow and pool painters to the end!"

Kent has long since justified his stand. His work has steadily risen in value. Separate canvases now sell at $3,500, but there was a day when they sold for $200, and still an earlier day when they didn't sell at all.

Speaking at Scottish Rite auditorium on Monday evening, April 17, Kent will discuss the role of the artist in the preservation of the American heritage and democratic ideals. Speaking with Kent will be Victor Arnautoff, outstanding San Francisco painter, Dr. Jacob J Weinstein and Reverend Don M. Chase. Sponsoring the meeting is the Artists' Committee for the Defense of Democracy.

"Beauty and Beast" Draw Throngs to Village

Beauty and the Beast, one of the striking odd dances featuring the girl show at Greenwich Village on Treasure Island, is rapidly forging ahead in popularity to where it threatens to become the most popular bit of entertainment in "the Village."

Other features at Greenwich Village are Zorima, queen of the nudists and her colony of nudists, Artists and Models life class, and Roy Gardner, famed reformed bandit appearing in person. All told there are forty attractions within the "Village" including the huge girl show with its 100 "Calipigian Beauties."

OF THE 1939 ELECTRIC REFRIGERATOR

Inside Facts

1 *Faster Freezing*—ice in one-third the time and twice as much of it.
2 *Meat Safe*—A big covered compartment keeps a week's supply of meat fresh and juicy.
3 *Controlled Cold plus Humidity* puts an end to wilting, shrinking and changing color.
4 *Greater Storage Space* gives approximately forty per cent more refrigeration.
5 *Cuts Current Cost*—new economy units—80% of the time use no current at all.

There has been a vast improvement in electric refrigerators in the past five years. The Inside Facts are that the new 1939 Electric Refrigerators freeze ice faster and more of it, have greater storage space and use only half as much current as old style models.

Controlled Cold plus High Humidity, another important Inside Fact, means greater food savings than ever before. Perishable foods are not only saved from spoilage but all their vital food values are kept in natural, juicy goodness. With Controlled Cold and Humidity even left-overs stay as fresh as when first prepared, without drying out or changing color.

Follow the lead of economy-wise housekeepers. Save money with Electric Refrigeration. This is the year to buy your new electric refrigerator. It will pay you to see your electric dealer today.

Optical Fixture Used by Dodge in Head-Lamp Adjustment

The adjustment of Dodge fender-mounted head-lamps is a matter of great optical precision. The lamp-checking fixtures, each manned by two expert adjusters and running on overhead tracks, are provided with rubber pads making uniform contact with the forward portions of the car.

As the car moves over the conveyor, it pushes the adjustment fixture ahead without changing its relation to the car. The headlight beam image, passing through condenser lenses, is thrown on green glass screens marked with crossing vertical and horizontal lines on which the right and left beams are centered.

Motorists Uphold Easter Tradition By Purchasing Many Attractive New Cars

Motorists are keeping up the Easter finery tradition by buying new cars in addition to new clothes, according to the local automobile dealers. New things go nicely together, and this probably accounts for the pre-Easter spurt of new car buying.

Motoring weather is ideal this time of year and the enjoyment of week-end trips is much greater in the security of a new car, dealers say.

Congratulations are offered new car buyers this week by Pantaleoni Brothers, local Dodge - Plymouth dealers, 7046-7054 Mission street, through O. C. Bartens, general manager. The congratulations are in order for E. Delbuono, Box 456, Colma, Dodge deluxe sedan; D. Fattorini, 1475 Church street, San Francisco, Dodge deluxe sedan; Mario Castagno, 1458 Washington street, San Francisco, Plymouth deluxe sedan; James Crowley, 1827 Twentieth avenue, San Francisco, Dodge deluxe sedan and Joseph Maffei, 1473 Lombard street, Plymouth deluxe sedan.

The Mission Auto company, 6465 Mission street, local Chrysler-Plymouth agency, this week sends congratulations to new car buyers. A. L. Timossi, general manager, points out that Chrysler's popularity with all types of car buyers is due to its eye-appeal in every detail.

Belli Motor company, Buick and Chevrolet dealers, Belli Block, Colma and Daly City, send congratulations to the following new car buyers through John Soldavini, general manager: Tony D'Amico, 2345 Polk street, San Francisco, Chevrolet pick-up truck; David Topper, 618 North Crescent Heights, Los Angeles, Buick deluxe sedan; Joseph Scafire, 1335 Vallejo street, San Francisco, Chevrolet deluxe sport sedan; Joseph Guintini, 2051 Hyde street, San Francisco, Chevrolet deluxe sport sedan; George Comer, 1546 Page street, Chevrolet truck; Bert Clark, Colma, Chevrolet coupe; John Krieg, Cupertino, Chevrolet sport sedan; and William Ople, 826 Mason street, San Bruno, Chevrolet deluxe sport sedan.

William J. Sweeney, local Studebaker dealer, 6806 Mission street, congratulates new car buyers this week. Sweeney stated the formal announcement of the new low-priced Studebaker Champion will be made next week.

The National Auto Company, Ford-Lincoln agency, in the South end of Daly City, this week congratulates new car buyers through A. J. Bertini, general manager.

Donahue and Laufenberg, DeSoto-Plymouth dealers, this week send congratulations to a number of new car buyers. The DeSoto agency is located at 6259 Mission street.

Dr. Arnesen To Discuss Drama

"Reality and Illusion on Stage and Screen" will be discussed by Dr. Elias Arnesen at the San Francisco Museum of Art, Monday evening, April 10, at 8 p. m. The talk will be illustrated by excerpts from motion pictures of Sarah Bernhardt, Gabrielle Rejane, Minnie Maddern Fiske, and Eleanora Duse which will be shown in full the following Tuesday and Wednesday nights on the Film Art Group Program at the museum.

Dr. Arnesen's interest in the motion pictures began 25 years ago in Europe. He worked as a Hollywood "extra" on first coming to this country and has since been in close association with the film studios. He conducted the first course on the motion pictures given in the United States, at the San Francisco State College, where he is now professor of English and teacher of philosophy.

The lecture is free of charge.

S. F. Conference To Promote Travel

Removal of "red tape" barriers to the flow of motor tourist travel over international boundaries of the western hemisphere will be a principal subject of the first Inter-American Travel conference, to be held at San Francisco, April 14 to 21.

Motoring and highway development phases of the conference will be discussed under direction of the California State Automobile association, affiliated clubs of the Western Automobile Clubs conference, and the American Automobile association. E. B. DeGolia and Percy E. Towne, directors of the state association and members of the executive committee of the A. A. A., will represent the nation-wide organization, in addition to officials from Washington, D. C., headquarters.

Besides the United States, Canada, and Mexico, most countries of Central and South America will be represented.

Recreation Department Pushes Spring Landscaping

The local Recreation department of the W.P.A. shared the general Spring planting fever this week as landscaping of the grounds surrounding the Recreation office at 101 Parkview avenue progressed rapidly.

When finished the area will be devoted entirely to lawn, flowers, and trees. This week saw the planting of several flower beds on the upper level of the grounds, including Clarkia, wallflowers, snapdragons, and pansies.

A lovely sunken garden will be made of the lower level, according to Jerry Hull, recreation director. There will be steps leading down into it, gravel paths, and mazes of flower beds. The bulkhead between the two levels has already been erected.

The area directly in front of the recreation office is devoted to lawns, Irish yews and Hydrangea bushes.

The Daly City Recreation department is the only one in San Mateo county having its own building and grounds.

An outstanding valley floral display is promised at the flower show of the Women's Community club at Oroville, April 19 and 20.

Questions For Pedestrians

Question: What is pedestricide?
Answer: Pedestricide is a kind of suicide which is limited to pedestrians. It means crossing in the middle of the block or against a red light.
Question: Why does a pedestrian do these things?
Answer: Because he thinks it saves time.
Question: Does it?
Answer: You can answer that one yourself. The National Safety council says that 12,500 pedestrians were killed in the United States last year. They tried to save a minute, and lost a lifetime. Did they gain anything?

Give Farewell Dinner for Pirates

Gussie Suhr, well-known baseball figure, and his wife, Mrs. Suhr, entertained at a farewell dinner for the Pittsburgh Pirates last Tuesday evening at their home on Hazel avenue in Millbrae. Among the guests were Mrs. Suhr's parents, Mr. and Mrs. John Hart, Los Banos avenue, Daly City.

The famous baseball team left Thursday for the East, playing exhibition games en route. Their big opening game is scheduled for Cincinnati, Ohio, April 17.

New SPFI Folder On Peninsula Ready

"Find Your Place In the Sun," the new colored folder advertising the attractions of the Peninsula, has been printed and will be ready for distribution at the World's Fair and from chamber of commerce offices in a few days.

In the folder are pictures of scenes from throughout the Peninsula.

Inside of the folder is the cartograph of the county, drawn by Miss Ruth Taylor. The folder, prepared by San Francisco Peninsula, Inc., gives detailed information about advantages of living on the Peninsula.

Safety Patrol Day Stirs Wide Interest

Stirring interest throughout the West, School Safety Patrol Day at the Exposition on Friday, May 19, promises to become the outstanding children's event of the year at the Fair, it was reported today by the California State Automobile association, sponsor of the patrol movement.

With plans for the day rapidly unfolding, indications now point to an attendance of upwards of 12,000 patrol members. Because of distance and travel expense, the largest delegations will come from California points. Representative units from Utah and Nevada are assured, with plans still shaping in other western states.

Police and school authorities and parent-teacher groups are actively furthering the day's success. Every patrol member will be the guest of the Exposition for the day, with free admission to Treasure Island and special entertainment.

A rodeo, parade, and fashion show will be features of the annual picnic of the College of Agriculture at Davis, April 22, according to the California State Automobile association.

Raymond Lorenzi Succumbs at Hospital

Funeral services were conducted Tuesday morning for Raymond Guilo Lorenzi, 8, son of Rose and the late Guilo Lorenzi, Willits street. The boy died in St. Mary's hospital Saturday, following a month's illness.

The father preceded his son by about five weeks, having passed away at the Community hospital at Beresford February 25 of this year.

Raymond was a student at Our Lady of Perpetual Help school. His classmates acted as pallbearers.

He is survived by his mother, Rose; a sister, Anita Rose; grandparents, Mr. and Mrs. Pierini, Sacramento; and an uncle, Henry Pierini, Sacramento.

Requiem high mass was celebrated at Our Lady of Perpetual Help church at 9:30 a. m. Interment was in Holy Cross cemetery.

Christian Science Lesson-Sermon

Golden Text from Exodus

In all Christian Science churches, branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, April 9, on the subject "Are Sin, Disease, and Death Real?"

The Golden Text will be: "I am the Lord that healeth thee" (Exodus 15:26). Bible selections will include the following passage from Isaiah 1: 16—18: "Wash you, make you clean; put away the evil of your doings from before mine eyes; cease to do evil; Learn to do well; seek judgment, relieve the oppressed, judge the fatherless, plead for the widow. Come now, and let us reason together, saith the Lord: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be wool."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mark Baker Eddy, will also be included, which reads as follows: "A sinner is not reformed merely by assuring him that he cannot be a sinner because there is no sin. To put down the claim of sin, you must detect it, remove the mask, point out the illusion, and thus get the victory over sin and so prove its unreality" (p. 447).

Conduct Funeral Services for Mrs. Bell

Funeral services were conducted from the mortuary chapel of W. C. Lasswell and company Tuesday at 2:30 p. m. for Mrs. Hilda P. Bell, Kingston street, San Francisco. Mrs. Bell died in Napa county on Sunday.

She is survived by her husband, Charles R. Bell; five children, Charles R. jr., Ruth L., Richard A., Charlotte M., and Ralph F. Bell; two sisters, Mrs. Freda Flindt and Mrs. Dorothy Ruske; and a brother, Frank Neuman, 6512 Mission street.

Interment was in Cypress Lawn cemetery.

In the perpetual campaign to stamp out man-caused fires that burn over 40,000,000 acres annually, the United States Forest Service in cooperation with the state forestry agencies and organizations interested in conservation, will distribute in poster form nearly a million reproductions of the above painting by the famed illustrator, James Montgomery Flagg. The painting is the property of the American Forestry Association.

Redwood National Forest Purchase Seems Assured According to S. B. Show

Citizens of Del Norte county, at a public meeting recently held in Crescent City, went on record as favoring the establishment of a redwood national forest in Del Norte county, according to announcement by S. B. Show, chief of the U. S. Forest service in California. Similar affirmative action had previously been taken by the board of trustees, chamber of commerce, harbor commission and federation of women's clubs of Crescent City, and by the Eureka Federation of Women's Clubs. Boards of supervisors of other northern coast counties are expected to vote their approval of the proposed redwood forest project at an early date.

Initial Purchase

"The initial redwood national forest purchase, endorsed by the Del Norte County Board of Supervisors, will consist of 6,251 acres of virgin redwood land, valued at approximately $180,000, near the mouth of the Klamath River in Del Norte county," Mr. Show stated. "The stand of timber on this area is estimated at 330 million feet of redwood and 59 million feet of Douglas fir, cedar and other species.

"The national forests of California contain no adequate example of the redwood forest type," said Mr. Show. "Accordingly, a strong popular feeling has long prevailed, not only in the forest service but elsewhere throughout the country, that the Federal government should acquire a sizeable area of redwood land and administer it as a national forest. Such a forest, or forests, would guarantee the preservation of the redwood type, afford facilities for forest research and demonstration of scientific logging practices and make available to the public the recreational and inspirational value of our magnificent redwoods. It should be remembered that the present virgin redwood forests represent centuries of growth and consequently are definitely exhaustible, since the succeeding second-growth stands cannot duplicate the primeval forests for many generations to come.

Unit of 50,000 Acres

"While the inititial redwood forest purchase unit will be small in size," stated Mr. Show, "it is the plan of the forest service to purchase additional redwood lands in Del Norte and Humboldt counties, as rapidly as Congress provides the necessary funds, until a compact unit of some 50,000 acres costing about $1,500,000 is secured to form a redwood national forest in the Klamath River region. It is further proposed, subject to Congressional appropriations, to establish a second redwood national forest in Mendocino and Sonoma counties, near the southern limits of the redwoods. Those two redwood national forests, effectively and economically protected, developed and managed by the forest service, will in no way conflict with the present state redwood park program, but will help to stabilize the lumber industry and increase travel into the region.

"I am firmly of the opinion," concluded Forester Show, "that the establishment of redwood national forests in the coast counties will be an important step in the future economic and recreational prosperity of the industries and people of the redwood region."

SECRETS OF GOOD COFFEE MAKING

Too many people believe that it is as easy to make good coffee as to drink it. They believe that the instinct to make a fragrant steaming cup of coffee, and to make it right every day in the year, is as inborn as the right to life, liberty, and the pursuit of happiness.

As a matter of fact, some of your guests may not appreciate your self-confidence. You yourself may start a good many mornings wrong by a sip of strange brew poured from your familiar coffee-pot, and you will perhaps lay the cause to the weather, or to something you had for dinner the night before.

A few simple rules govern good coffee-making, and if you build up the habit of following them you can expect the same flavor, the same excellence day after day, at least until the pot breaks. The trouble is probably not with the coffee. The unexpected variations which give disappointing flavors come from the use of the coffee, after the jar has been opened.

The rules are all easy to remember, and are based on a reasonable respect for coffee as a product. One of the most valuable elements in coffee is its aromatic oils. It is these which give the brewed coffee its delicate, distinctive flavor. But the aromatic oils are easily lost after roasting and grinding. They are easily boiled away, for instance, or they may be overpowered by the bitter caking on a poorly cleaned pot, or lost by the addition of too much or too little water when measurements are not accurately followed. They are lost even in contact with air; that is the reason why coffee is vacuum-packed, and why you should not empty the ground coffee from its original jar but keep its cover always firmly screwed on.

The first rule of good coffee making is: respect the product and protect the essential oils which make coffee different from all other products. The other rules all follow from this basic one.

First, keep your coffee-pot scrupulously clean. Wash it to keep it clean, not get it clean! Then rinse it thoroughly. The residues which may collect on the sides of the pot are the bitterest part of the coffee—the part from which all traces of aromatic oil have been driven off. If brewed in with fresh coffee, this residue will detract from, or completely kill the fresh coffee flavor. It is a good plan to scald the pot just before using it; this will destroy stale odors and preheat the pot.

Second, use water, freshly drawn and freshly boiled, for making your coffee. Water that has stood exposed or in pipes has lost its oxygen and tastes flat, and its use is a needless handicap.

Third, always follow the same measurements. Beware of the "heaping tablespoonful"; it is a variable quantity which varies from day to day. The proportions of coffee and water do not matter so much as that you know precisely what they are, and can easily duplicate the measurement. Whether you make your coffee by the drip method, by the percolator method, or by steeping, find out the proportions in measuring cups or level tablespoons that give *you* the strength that you like best.

Fourth, never allow the coffee to really boil, or to percolate too long or fast. This is one of the commonest errors. The bitter acrid flavor thus developed entirely masks the delicate flavor of the volatile oils. So don't skimp on coffee and then depend on longer brewing to secure extra strength.

And don't make double strength and then dilute it for serving.

Fifth, do not try to make more coffee by simply adding a little fresh coffee to the old grounds; all of the goodness in the new coffee can't disguise the bitterness of the old. And don't try to reheat your coffee.

Sixth, remove the grounds from the coffee as soon as it is made, for the used grounds re-absorb the aroma. Serve immediately; but if you must keep it for a while, keep it over a low flame or, safer still, set the pot in a pan of hot water.

Here are the six simple rules to keep America's most popular beverage from being as mistreated as it is. The best part of them is that they assure you good coffee not just once but every time you make it.

Short Talks By Lloyd Ellis

Prayer Is Subject

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers, but the face of the Lord is against them that do evil."—I Peter 2:12.

The greatest theme of man's life is to bring himself into a nearness to the Heavenly Father, and perhaps no one thing that he can do each day will do more to draw him closer than prayer.

Among the greatest characters of history are those who have thus humbled themselves before a higher power. Each time that one humbles himself in his solicitations and thanksgiving to God, he should be drawn nearer to the giver of all good. Jesus, himself, often thus communed with his Father.

Holy writ teaches that God hears the prayers of the righteous, but rejects the evil doer and his deeds. When one refuses to keep the commandments of God, even his prayer is an abomination to him. The blessings of God are to those who worship him and do his will.

If one will pray regularly, sincerely, in faith, in harmony with God's will, with a spirit of forgiveness for his erring fellow creatures, and in the name of Christ, he will not go far wrong in the manner of his supplications to God.

The greatest prayer that man can utter is, "Thy will be done, not mine."

Church of Christ Minister Announces Topic

Lloyd E. Ellis, minister of the Church of Christ, Jules and Demontford avenues, will speak on "The Resurrection" over station KRE, Berkeley, Sunday at 8:30 a. m.

Speaking at the church Sunday morning, Reverend Ellis will discuss "Evidences that Christ Arose." The public is invited to attend.

Hold Funeral Services For John Segale

Funeral services were conducted for John Segale, 66, from the chapel of Valente, Marini, and Perata, San Francisco, Monday at 9 a. m. Segale died Saturday in a San Mateo hospital following a two-week's illness.

Employed by a local auto camp, Segale has resided in Daly City for the past thirty-four years. He is survived by his widow, Mary Segale; three children, Louis and Herman Segale and Mrs. Lorraine Rovai; two sisters, Mrs. Rose Scatena, and Mrs. Matilda Giovanetti; and two brothers, Mario and James Segale.

Mass was celebrated at Our Lady of Perpetual Help church. Interment was in Holy Cross cemetery.

Pneumonia Fatal To Two-Year Old Child

Melvin Blackman, 2 years old, 532 Bellevue avenue, died last week at a San Mateo hospital after a short seige of pneumonia.

He was the son of Mr. and Mrs. David Blackman. Funeral services were held Tuesday from the James Reilly funeral home in San Francisco.

Civic Progress By Mayor Selmi

Another step toward more efficient and more expedient management of our city government was taken by the action of the city council at our last meeting.

Paul G. Selmi

The business of our city has increased to such an extent that it becomes necessary and more economical to establish a full time engineering department. With a full time engineer available at all times, the development of our city will be assured.

Hope for the approval of our application by the Federal government for the PWA street work project in the south end of Daly City, is waning. A new application will be made under WPA which is still in existence. This new application will also include street work for the west end should the people in that section desire it.

The new engineer will be instructed to make a survey of these areas so that the cost of the project to the property owners will be available. According to off-hand estimates street work can be done as reasonably under WPA as under PWA. If this proves true, street work can be procured wherever it is wanted in our city at approximately 50 per cent of the true cost.

Sunday School Classes In Easter Program

All Sunday school classes at the Grace Presbyterian church, corner of Hanover and Evergreen streets, will participate in an Easter program Sunday, April 9, at 9:30 a. m.

Easter services have been arranged for 11 a. m. with special music. The public is invited to attend.

Weekly News of the Schools And Parent-Teacher Association Activities

Classes Resume At Jaysee April 10

With San Mateo junior college students returning from spring vacation Monday, April 10, the college will start the final 10 weeks of the spring term.

Wednesday of next week will find the senior students of Jefferson Union high, South San Francisco high, Half Moon Bay high and Pescadero high visiting classes at the junior college. Seniors from San Mateo and Burlingame highs have already visited the college. The students will visit classes and be guests at a luncheon and noon dance.

The college trackmen lost a tough meet to Sacramento jaysee 65 to 56. The meet was not decided until next to the last event. The jaysee crew has won its past several races, while the baseball team has won four straight games.

During this vacation period a number of the college instructors have been busy with the physical education and art meetings held this year in San Francisco and on Treasure Island. Over 3,000 people have been attending the physical education conference.

Several badminton tournaments will be continued with the return to college Monday. The singles and doubles tournaments will determine the college champions. Golfers are continuing a heavy schedule and recently tied Marin jaysee in a mixed foursome tourney that included a number of visiting teams.

For the first time in the history of international expositions, the New York World's Fair 1939 will devote an entire building to apparel and accessories. The Hall of Fashion will contain all that is dear to woman in her costuming and the things that go with it. Hats, jewels, furs and handbags will occupy an important part of the exhibition.

General Pershing P. T. A. Hold Regular Meet

General Pershing P. T. A. held their regular meeting Tuesday afternoon at the General Pershing school, Hanover street. Mrs. Ilda Marquis was the presiding officer.

Principal speaker of the afternoon was Mrs. A. S. Kalenborn, Redwood City, seventeenth district parliamentarian. She discussed parliamentary procedure.

Delegates were elected to attend the seventeenth district convention to be held in San Mateo, April 20-21. They included Mesdames Ann Lucas, Sadie Welsh, Marge Calvin, Ann Eason, and Ilda Marquis. Alternates were Mesdames Amelia Siino, Cassasa, DeIsep and Eva Carnevale.

The sewing circle met at the home of Mrs. Harriet Burns on Hanover street Thursday evening. Mrs. Ann Lucas was chairman.

A dessert-whist will be held at the General Pershing school Wednesday afternoon, April 12. Mrs. Marge Calvin and Mrs. Marge Woodside will be co-chairmen. Dessert will be served promptly at one o'clock.

Girl Scouts Attend Easter Sunrise Service

Girl Scout troops 2 and 4 will attend the seventeenth annual Easter sunrise service at the foot of the towering cross atop Mt. Davidson Sunday, April 9. They will be accompanied by Mrs. Aldyth Fox and Mrs. Lucile Lemon, leaders.

The services are scheduled to start promptly at sunrise, 5:43 a. m. From 6 to 6:30 a. m. they will be given a nation-wide broadcast.

President Tully C. Knoles of the College of the Pacific is to preach the sermon, and there will be music by the choir of the First Congregational-Methodist Temple, under direction of Dr. William E. Knuth.

The cross has been lighted at night. Mt. Davidson, highest natural point in the city, is 938 feet in elevation, and the glowing symbol of the crucifixion can be seen many miles at sea. The six-acre summit of the mountain now is a city park.

Non-sectarian, the sunrise Easter service, originated by James Decatur, is under direction of the Citizens' Committee, headed by Reverend Homer K. Pitman. About 40,000 are expected to attend.

Daly City girl scouts will catch a street car at 4 a. m. From the end of the car line they plan to walk the remaining distance to the summit of the mountain.

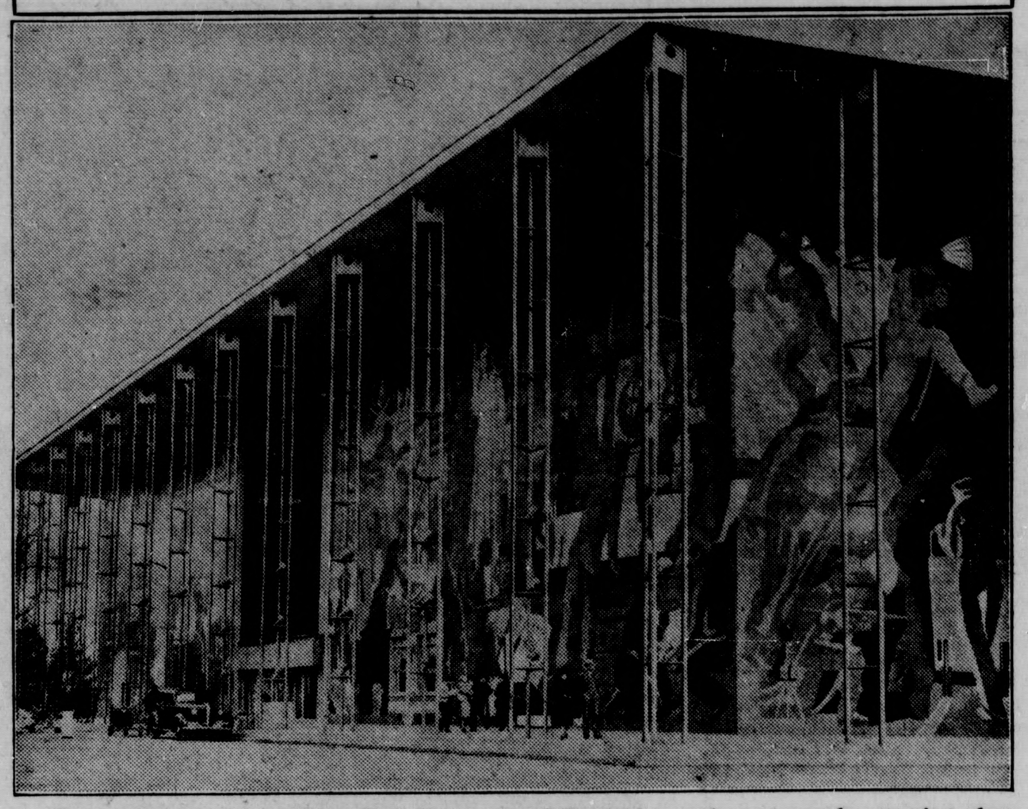
Druids to Hold Regular Monthly Whist

Hillcrest Circle No. 143, United Ancient Order of Druids, will hold their regular monthly whist party Monday evening, April 24, at Masonic hall. Madame Victorine Lombard and her daughter, Mrs. Madeleine Fellows, will be co-chairmen.

Many valuable prizes will be awarded.

Blini from Russia, kebabs and honey desserts from Albania, wine-soaked strawberries from Luxembourg will be among the foreign delicacies served to visitors to the New York World's Fair 1939. France will offer poulard supreme, canard nantais a l'orange and other gastronomic creations. Mexico will send her best chili con carne. There will be 24 restaurants in the foreign section alone.

Treasure Island Host Building



Host building of the Golden Gate International Exposition and most popular meeting place on Treasure Island is the California State Building. Built by the California Commission, of which Frank W. Clark, State Director of Public Works, is chairman, at a cost of $400,000, the California building provides a large ballroom, an equally large rotunda and a little theater for public and semi-public affairs. Giant brilliant murals decorate the building's wide front.

Mills Field Instructor Makes Forced Landing

While the wide open spaces east of the railroad tracks near Sixteenth avenue in San Mateo are oft declared an eyesore by local residents, there was at least one man Wednesday who thanked his stars for the fields, which proved a "sight for sore eyes" to him.

Jack S. Conley, instructor at Mills Field, was running a Great Lakes training ship through its paces over the city this morning when a sputter and a crackle stopped the motor and set fire to the fuselage.

The fields were near and he made a forced landing. The small blaze was extinguished without serious damage and the motor was found to be suffering from piston trouble.

Police said, after a routine checkup, that Conley planned to repair the motor and take off from here this afternoon for a return to Mills Field.

More than 100 nurses will assist a corps of physicians at ten first-aid stations on the grounds of the New York World's Fair 1939. Despite accident prevention measures, Fair officials estimate that 40,000 of the 60,000,000 visitors will receive some degree of medical service.

Plan To Adopt County Budget Early

If plans made by the board of supervisors Tuesday are carried out, San Mateo county's budget will be adopted this year before the new fiscal year begins—or at least not long after it starts on July 1.

The board set budget hearings for earlier dates than ever before in the hopes that the expenditures for 1939-40 may be determined before the year actually is far under way. Previously, the maintenance and operation budget has not been adopted till the latter part of August.

Hearings this year will begin May 16 for the salary budget and June 20 for the maintenance and operation budget. Deadline for each is May 30 for the salary, August 30 for the maintenance budget.

Controller Thomas J. Kane has already called for budgets from the county departments so that he may have them in shape for the earlier hearings.

Another hearing set by the supervisors will be held Tuesday, May 2, at 11 a. m. It is on formation of a "Highlands Police Protection District" for the Emerald Lake area.

Unlike the "white fairs" of the past, the New York World's Fair 1939, representing "The World of Tomorrow," will be a fairyland of color. Exhaustive research has made available to architects and decorators 499 carefully graduated shades.

John A. Sexson Urges Citizenry To Aid Observance

Citizens generally, and the 37,000 members of the California Teachers association, were urged today by John A. Sexson, president of the association, to cooperate in the twentieth annual observance of Public Schools Week, beginning April 24.

Sexson, superintendent of schools of Pasadena, said:

"America has struggled unceasingly to give education to all children and youth. The control of public education had first to be wrested from those who found it a useful medium in perpetuating medieval ideas. Then control was taken from those who, by restricing educational opportunity, gained financial or political power.

"Today the people must still struggle, even in favored California, to maintain an adequately staffed and financed public school system for all the children of all the people.

"The public schools must meet the present-day needs of our children. They must assist in providing children with the training which all must have to pass from the dependence of childhood to the responsibility of maturity.

"To this end, and to promote an understanding cooperation between the public and their schools, it is to be hoped that parents of school children, as well as citiens generally, will take full advantage of the opportunity offered during Public Schools Week of becoming re-acquainted with their schools."

The American Legion, the Congress of Parents and Teachers, with many other state-wide organizations, are aiding in making the week's observance successful.

To Present Symphony Easter Sunday Evening

In co-sponsorship with the San Francisco Scandinavian Civic league the Federal Music Project of the Works Progress administration will present a program of Scandinavian symphonic music in the War Memorial Opera house, Easter Sunday, April 9 at 7:30 p. m.

Nathan Abas will conduct the Bay Region Federal Symphony orchestra.

Grace Church to Have Special Easter Services

Special Easter services have been arranged for Sunday, April 9, at the Grace Church of the Nazarene. Reverend N. M. Lewis will speak on the subjects, "Christ Is Risen" and "The Trip to Emmaus." The public is invited to attend.

The public is also invited to hear the "Cleveland Colored Quintet," internationally-known negro singers, who will be at the Grace Church of the Nazarene Wednesday evening, April 12. During the last eighteen years the quintet have sung in nearly every country in the world, and in every state in the Union. According to Reverend Lewis, local pastor, a full house is expected Wednesday night, and the public is asked to come early in order to secure seats.

Crocker P. T. A. Plan Installation

Next regular meeting of Crocker P. T. A., Tuesday afternoon, April 11, will be installation of officers and the annual luncheon. Luncheon will be at 12 o'clock sharp at the Crocker school. All members are invited to be present. Those who expect to be there are asked to notify Mrs. Pauw, Randolph 0156, or Mrs. Jordan, Randolph 7927.

Mrs. Lillian Landini will be the installing officer. Installation will immediately follow the luncheon, after which the business meeting will be held. The ladies have had several meetings to plan for this affair, and they hope the members will take advantage of the luncheon to meet old friends and make new ones.

Crocker Sew and Sew Club has had two meetings in the past two weeks. The first was held at the home of Mrs. Virginia Davidson, at which time plans were made for our April meeting. The gathering at the home of Mrs. Julia V. Jordan last Thursday saw the completion of plans for a telephone whist to be held at various homes of members on Friday afternoon, April 14. Mrs. Pauw will act as chairman. Further announcement will be made at the meeting Tuesday.

Mrs. Bernadine Lewis will be the hostess at the Sew and Sew Club meeting Thursday of this week. All members of Crocker are invited to be present. Sewing is already well under way for the yearly bazaar.

More than 120,000,000 sandwiches will be consumed at the New York World's Fair 1939. Allowing two to each visitor, statisticians figure that Fair visitors will eat enough bread and meat to cover 7,000 miles or more than twice the distance across the United States.

A Tribute to the Retail Merchants of this Community

Each of us has an obligation .... a real debt to the merchants of Daly City. Year in and year out, they bear a fair share of the tax load. Some of them pioneered this town. They've molded it into what it is. On their counters and shelves, you find the quality products of the world .... selling at fair prices.

Let us bear in mind that the dollars we spend with our local merchants stay within the community circle. "Trade at home" is no idle phrase. We urge every citizen to do his or her part in "Keeping Our Main Street Facing Forward." And, in the field of printing, keep your jobs in Daly City.

Thursday evening Mrs. Garvey sailed on the Mariposa for a seven weeks' trip to Australia. Miss Bishop left Daly City Friday for her home at Patterson, California. Mr. Ireland returned to his home in Michigan, following a six months' visit in California.

Notice Of Trustee's Sale

On Saturday, the 29th day of April, 1939, at 10 o'clock A. M. of said day at the front entrance of the Courthouse, Redwood City, San Mateo County, California, LLOYD J. COSGROVE, Trustee, will sell at public auction to the highest bidder, for cash, in lawful money of the United States the following described real property situated in the City of Daly City, County of San Mateo, State of California, and more particularly described as follows:

Lot 31 in Block 19, as designated on the map entitled, "MAP OF THE CROCKER ESTATE TRACT SUBDIVISION NO. 1," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on June 1st, 1908, in Liber 6 of Maps at page 16.

Said sale will be made to satisfy the obligations secured by a certain Deed of Trust executed by FRANK SOMMER and GEORGIA SOMMER, his wife, to LLOYD J. COSGROVE, as Trustee for ARTHUR O'CONNOR, Beneficiary, dated the 22nd day of July, 1938, and recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 6th day of August, 1938, in Volume 815, Official Records at page 8.

Notice of breach of said obligation and election to sell said real property was recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 5th day of January, 1939, in Volume 823, Official Records at page 63, bp P. Z. LEARY, Assignee of the Beneficiary under said Deed of Trust.

DATED: San Francisco, California, April 6th, 1939.

LLOYD J. COSGROVE,
Trustee.

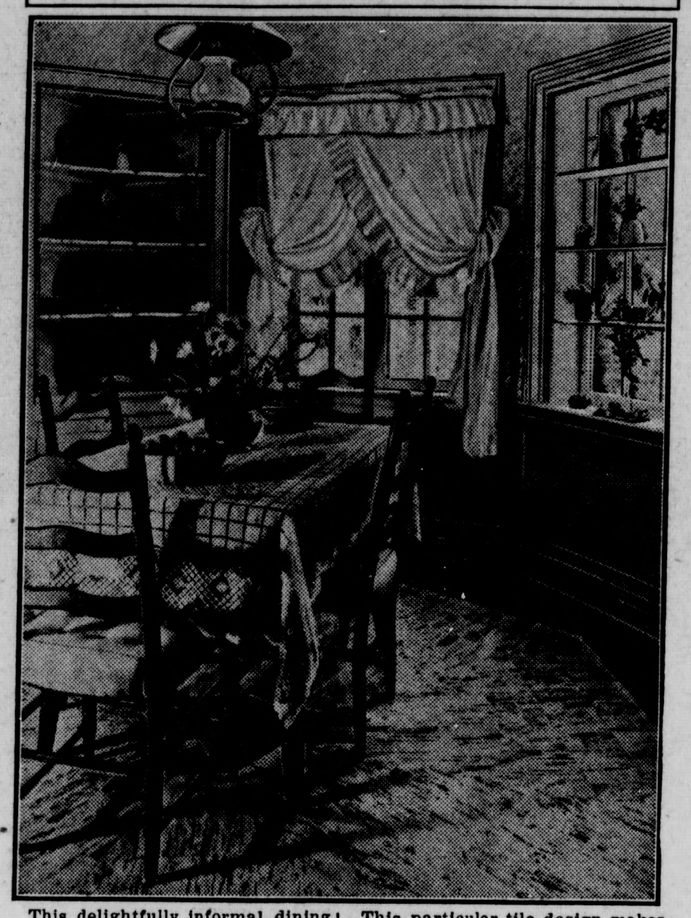
IN SPRING MOOD



This delightfully informal dining room literally breathes the atmosphere of spring from its colorful rubber tile floor covering in shades of red, tan and green, to its crisp organdie curtains. Rubber floor covering is a particularly happy choice for a country home of this type because it is easily cleaned with a minimum of effort. The colorful pattern makes it decoratively important.

This particular tile design makes use of an octagonal center with a light tan background and a marbleized effect in moss green and soft red. The border is a very deep red, which forms a pleasing foil for the white woodwork and curtains. The plants in bright colored pottery containers on glass shelves add gaiety to the room, as does the decorative china in the open corner cupboard.

Waterdog Patrol Winner at Camporette

The Waterdog patrol was declared winner of the camporette held last week in Hungry Hollow by Boy Scout Troop No. 141. The Waterdogs emerged with a total of 92 points as against 89 points earned by the Pioneer patrol, and 65 by the Indian patrol.

Members of the troop attending the camporette were as follows: Edward McIntosh, leader; Donald Laston and Richard Russell, all of the Waterdog patrol; Glenn Goode, leader; John Mosman, Robert Sutherland, and Roy Camillo, of the Pioneer patrol; and Richard King, leader; Eldon Przibarowski and Henry Herting of the Indian patrol. Also attending was Wilbur Adams, a visiting scout from Oklahoma City.

The camporette as a whole was very successful, according to scout leaders. The Waterdogs constructed an efficient lean-to; the Pioneers built a forest hut; and the Indians used pup tents.

Points were awarded by Assistant Scout Executive Tom McKeon of the local Council staff. Scout leaders Joseph Straughan and Paul Lewis were in charge of the camporette.

Several visitors were present at the campfire meeting held Tuesday evening, when Roy Camillo was inducted into the troop. Each patrol put on a stunt, and the entire troop reported a very enjoyable evening.

A large group of members of Vista Grande Camp Royal Neighbors attended Royal Neighbor day at the Golden Gate International Exposition on Treasure Island Wednesday.

Tinnino Morelli, Peoria street, is confined to his home this week suffering from an attack of measles.

Franklin Ny and Son Injured in Collision

Franklin Ny and his son Anthony, Bellevue avenue, are recovering from lacerations, bruises and shock suffered in a two-car collision Sunday afternoon. The accident occurred at the intersection of Brunswick and Oliver streets.

The Ny coupe was overturned and Ny and his three-and-a-half-year old son thrown out. Franklin sustained a bruised hand and Anthony a bad laceration over one eye. They were taken to the Alemany hospital for treatment.

A. Bertini, 44 Brunswick street, driver and owner of the other car, was cited for reckless driving. He was accompanied at the time of the accident by his wife and two children who were en route with him to the cemeteries.

NOTICE OF HEARING PETITION FOR AUTHORITY TO EXECUTE NOTES AND DEED OF TRUST.

No. 5812. Dept. No. 2.

In the Superior Court of the State of California, in and for the County of San Mateo.

In the Matter of the Estate of Angelo Selmi, Deceased.

Notice is hereby given that Guido Paul Selmi, as executor of the last will and testament of Angelo Selmi, deceased, has filed in this Court his verified petition for authority to execute a promissory note in the amount of $7677.45, with interest thereon at the rate of 6% per annum, payable monthly, and to execute a deed of trust on certain real property belonging to the said estate and hereinafter described as security for the payment of the said note to be executed, in order to renew and/or extend certain deed of trust and certain promissory notes secured thereby already subsisting upon the property of the said estate. Reference is hereby made to said petition filed herein for further particulars.

Notice is further given that Monday, the 10th day of April, 1939, at the hour of 10 o'clock A. M. and the courtroom of the Court, Dept. Federal Theatre Introduces Broadway Hit

In staging the Broadway smash hit "One-Third of a Nation" and presenting for the first time in California that absorbing and powerful technique known in stage craft as the "Living Newspaper," the Federal theatre on Treasure Island is building a new tradition into the American theatre in an exuberant and vigorous manner.

"One-Third of a Nation" is the first and foremost of the Living Newspapers produced in New York City, where the idea had its origin, and enjoyed a run of a solid year after a breath-taking first night. It is being shown every day this week at the Federal theatre playhouse at the Exposition at 3 o'clock, with two showings on Saturday at 3 and 6 o'clock, according to Robert C. Schnitzer, program supervisor.

"Devil's Island" Drama Tells of Cruel Fate

Why convicts condemned to Devil's Island describe their punishment as the "dry guillotine" is vividly brought out in the Warner Brothers picture entitled "Devil's Island" which is scheduled to open Sunday, April 9, at the Daly City theatre.

Timely and powerful, the Warner picture depicts with stark, unblinking realism the cruel and ruthless brutality that made this island penal colony seem an anachronism in the Twentieth Century and led finally to its being temporarily abolished less than a year ago.

The story, which, while it is a fictional invention, is said to be an authentic representation of incidents which have happened, is concerned mainly with the efforts of some of the prisoners to escape their open-air torture chamber.

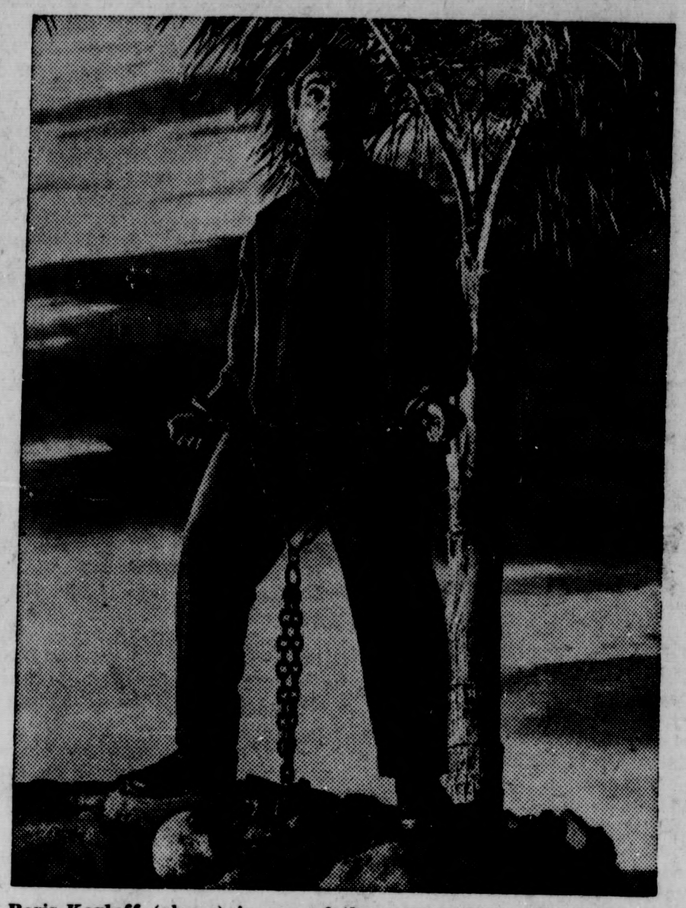
Karloff, a highly respectable surgeon, is convicted of treason merely because he gave professional treatment to a man who was shot and mortally wounded while trying to escape from a prison train.

Sentenced to Devil's Island, the surgeon incurs the displeasure of the brutal commandant, and his lot is no better after he performs an operation which saves the life of the commandant's little daughter. That does, however, win him the friendship of the commandant's wife, who aids him and several other prisoners in a plot to escape.

They escape by sea in a small power boat, but run out of gasoline and drift helplessly until picked up by a passing vessel, which proves to be a prison ship en route to Devil's Island.

Back at the penal colony, the surgeon is sentenced to death by the guillotine. The commandant's wife speeds to the mainland to ask the governor of the colony to prevent the execution. As the surgeon is on the guillotine, a new Minister of Justice, the governor, and the commandant's wife arrive on the scene, and not only is the surgeon's life spared but he is given his freedom by the minister of justice, whose investigations also lead him to order the arrest of the commandant.

Second feature on the new bill will be "Paris Honeymoon," starring Bing Crosby and Akim Tamiroff.



Boris Karloff (above) in one of the spectacular scenes from "Devil's Island," which opens for a three-day engagement at the Daly City theatre, Sunday, April 9.

Mr. and Mrs. Specht Return from Honeymoon

Mr. and Mrs. Hans Specht, who were married in Santa Rosa March 4, have returned from their honeymoon and are at home to their friends at Twenty-seventh avenue, San Francisco.

Mrs. Specht, formerly Miss Agnes Musanti, is the daughter of Mr. and Mrs. August Musanti, Flournoy street.

"Magic Eye" Amazes Aviation Authorities

Aviation authorities have been amazed by the uncanny new "magic-eye" radio compass invented by Henry Wolff, former U. S. Army Air Corps officer, who gave a flying demonstration of the new compass at Mills Field.

The new compass is on the same principle as the tuning in portion of a home radio. Directional aid is provided by musical programs, which the pilot selects as radio ranges or signals.

Daly City Theatre Shows Interesting Short

Acclaimed by previewers as the greatest in the series of historical short subjects produced in technicolor by Warner Brothers, "Lincoln in the White House" is a special added attraction on the screen of the Daly City theatre now.

The film was directed by William McGann from a screen play by Charles L. Tedford and deals with the later years of the President's life, building up to a climax which presents Lincoln making his immortal Gettysburg address. Frank McGlynn sr. plays the title role and other important parts are played by Dickie Moore, John Harron, Erville Alderson, Raymond Brown and Sibyl Harris.

Spring Garden Show To Display Orchids

In an old pair of slacks, an aged sweater and a garden trowel in her hand, Mary Boland, Paramount picture star and screen comedienne, pursues her favorite hobby of orchid raising on her estate in Beverly Hills. Proof of her orchid culture ability will be shown at the California Spring Garden Show in Oakland, April 26 to 30, when the Mary Boland orchids will be part of a tremendous orchid exhibit, it was announced today by Joseph L. Gallaghan, one of the show directors.

The Mary Boland orchids will occupy part of the section of the garden show devoted exclusively to perhaps one of the finest collections of orchids ever displayed in any flower show exhibit in America, it is announced.

The orchid room will house hundreds of rare and beautiful species from the famous John Carbone orchid nurseries in Berkeley. Valued at thousands of dollars and resplendent in a large number of colorings and varieties of form, the Carbone orchids will be one of the exotic features of the "Shangri-la" landscape theme of the big horticultural show, said Abe P. Leach, show president.

Musicians in Europe and distant cities in the United States will play the world's largest carillon at Florida's exhibit at the New York World's Fair 1939, by telegraph. Special consoles are being made which will operate like teletype machines.

Girl Scout Council To Hold Sale, Apr. 15

Announcement of a food and candy sale to be held all day Saturday, April 15, was made today by members of the Daly City Girl Scout council. The sale will be held on Wellington avenue, across from the P. G. and E. company, and just below the new city hall.

Purpose of the sale is to acquire funds to secure a permanent meeting place in Daly City for local girl scout troops, and to establish a permanent summer camp for them.

The Girl Scout Council was recently organized in Daly City by a group of parents and friends interested in furthering girl scout activities in this community. The public is invited to support this worthwhile program by attending the food and candy sale Saturday.

Council members who have been active in organizing the sale include Mrs. Jean O'Rourk, Mrs. I. T. Budaeff, Mrs. Paul Selmi, Mrs. John R. Young, Mrs. John Mosman, and Mrs. A. M. Harrison.

Daly City School Children Vaccinated

With a force of three doctors, six nurses and other assistants, Dr. Charles C. Gans, county health director, late last week sped the work of vaccinating some 1200 Daly City school children against smallpox. Total enrollment of the Daly City school system is about 2,000.

Among the other 800 were children who had been vaccinated recently, those who are being vaccinated by private physicians, and those who declined to submit to vaccination, it was explained.

The campaign was the result of discovery of a case of smallpox here. The victim was the 6½-year-old son of a customs inspector in the U. S. Immigration Service. Dr. Gans expressed the belief the case had no connection with the recent Redwood City outbreak, which apparently ended March 10.

Among the great classical painters whose work will be shown at the New York World's Fair 1939 are Raphael, Titian, Rembrandt, Vermeer, Watteau, Gainsborough and Reynolds. The $30,000,000 art exhibition will be housed in a completely fireproof "Masterpieces of Art" Museum.
